ACCOMMODATION OFFER

The SACU of the University of Sevilla offers a service for students to look for an accommodation, in our website you can get a list of flats that are available in Sevilla right now. To access to this list, first you have to enter in our website: http://sacu.us.es/busca-piso

Once you are in the website, you have to choose the neighbourhood of Sevilla where you want to live. You'll see the list of neighbourhoods in Sevilla, and you have to click in the ones that you're interested in.

In the University of Sevilla there are a lot of campus, and each of them are in one area of Sevilla. Here you can have a map with the areas where the faculties are:

http://sacu.us.es/sites/default/files/servicios/sevillaestucampus.pdf

If you want to live close to your faculty, we recommend to look for apartments in the following neighbourhoods:

CAMPUS RAMÓN Y CAJAL					
If you are in this campus, you can look for a flat in: CENTRO GRAN PLAZA, JUNCAL Y TIRO DE LÍNEA NERVION PRADO Y FELIPE II	Av Juan Pablo II. Av Gareco Calle Vigen de Luján Av Gareco Calle Vigen de Luján Av Gareco Calle Vigen de Luján Av Gareco Calle Calle A TIRO DE LINEA Av Gareco Calle Calle A Av Gareco Calle				

FÁBRICA DE TABACOS

If you are studying in this campus, you are going to be in the historical center of Sevilla, so you can look for a flat in this area:

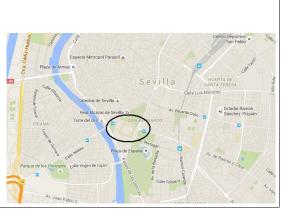

CENTRO

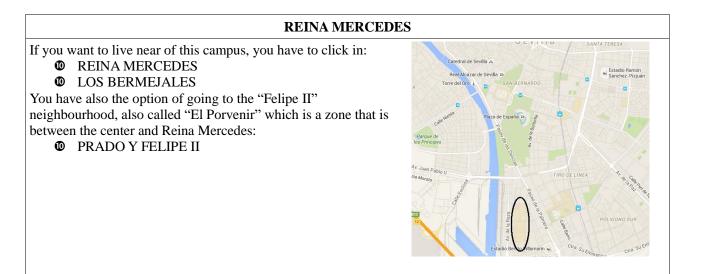

However, the city center is very big, and if you are going to live in the north of the city centre you're going to be far away to your faculty. Because of that, we recommend to check the street of the flat, and the distance to the faculty.

Anyway, you can go also to:

- LOS REMEDIOS
- PRADO Y FELIPE II

Those neighbourhoods are very close to the city centre and are cheaper, you have to walk just a little.

CAMPUS LA CARTUJA, CAMPUS MACARENA

There are no appartments close to the campus "la cartuja", so you should look for an apartment on the other side of the river. So, maybe the best option is to find an apartment in the "Macarena" neighbourhood, very close to the city center, so you have to click in:

ALAMEDA, MACARENA Y LEON XIII

CENTRO

Anyway if you want to live in other zones away from your faculty (for example, to live in the historical center when you're studying in Reina Mercedes), you can check the busses lines, in this link: http://www.tussam.es/index.php?id=3 (click on "*versión descargable plano de la red de líneas de tussam*" to download it). Here you can check the differents bus lines avaibles, so you can plan better where to live..

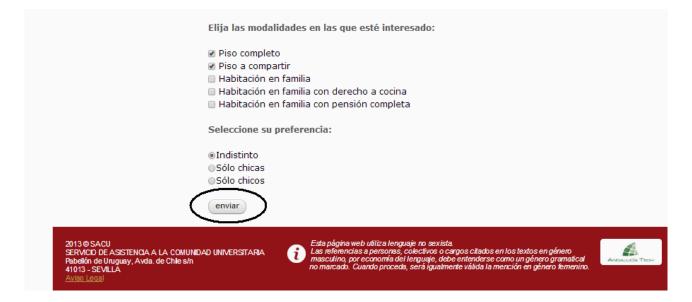

Once you have chosen the area where you want to look for an accommodation, you have to choose the type of accommodation. We recommend you to choose "Piso completo" (full apartment) and/or "piso a compartir" (shared flat). You can also choose if you want to go to a shared flat with just girls (solo chicas) or just guys (solo chicos).

Elija las modalidades en las que esté interesado:

Piso completo
 Piso a compartir
 Habitación en familia
 Habitación en familia con derecho a cocina
 Habitación en familia con pensión completa
 Seleccione su preferencia:
 Indistinto
 Sólo chicas
 Sólo chicos

If you choose "piso completo" (full apartment) the price that will appear will be the price for the full apartment (for example, if the price of the flat is 800 euros and have 4 bedrooms, each student will pay 200 euros). If you are comming in groups you can choose this option. If not, you can also ask the landlord if is possible to rent singles rooms, sometimes it's possible.

Once you have chosen the area and the type of accommodation, click on "enviar" to see the different options that you have:

So, now you can see a list of different apartments, and the price for the full apartment (in the column "piso completo") and the price for a single room (in the column "piso compartido"). Remember that to see the price per student in a "piso completo" you have to divide the price between the number of bedrooms.

In the next image you have an example of the information provided about one apartment:

NOTE: remember that the information provided in this document are only recommendations, you are free to choose your apartment in the area that you prefer, it doesn't matter where your faculty is. We inform you also that in Sevilla we have the "Sevici" service, so you can use the bicycles to get to the faculty, or even to go out at nights in the city center. Is a good way to transport in Sevilla if you're not close to the different places. The price of this service is between 33 and 39 euros per year¹, here you can find information about it: http://www.sevici.es/

¹If you use the bicycle for less than 30 minutes per trip, the price of the trip is included in the yearly subscription. If not, you have to pay extra money. For more information, please enter in https://abo-seville.cyclocity.fr/Abonate
